Video Baby Monitor

Features:

- Compact, rechargeable camera and video monitor[1]
- Snap, store and share with microSD™ recording
- 2-Way audio communication
- See baby at all times with automatic night vision
- Secure, interference free, long range digital signal[2]
- High contrast, super bright 2.4" color LCD
- Don't miss a thing with sound activated alerts
- Grows with your family (expandable up to 4 cameras)[3]

COMPLETELY PORTABLE

Both the camera and handheld monitor feature built-in rechargeable lithium-ion batteries. Use it around the home, inside and outside. Even take it with you when visiting friends, relatives or on vacation.

TALK WITH BABY

Two-way audio between the camera and handheld monitor means you can talk to baby, even if you are not in the same room.

SNAP, STORE AND SHARE

Instantly capture those special events in your child's life with one-touch snapshot recording. View images on the handheld monitor, or transfer them easily to a PC or Mac[4] and share them on sites such as Facebook™, Flicker™, and Picasa™.

VIEW DAY OR NIGHT

Keep an eye on baby all night long with crystal clear automatic night vision. Check on little ones without the risk of waking them up.

MULTIPLE VIEWING OPTIONS

Viewing modes include Single Channel, Scan (switch between single channels automatically), and Quad Split-Screen.

PRIVATE AND SECURE

100% digital technology ensures a private and secure signal between the camera and handheld monitor.

SLEEP EASY

Sleep easy knowing that your baby monitor is working around the clock. Sound-Activated Alerts [VOX] turn on the monitor's screen and audio instantly upon detecting anything from a faint whimper to a loud cry.

GROWS WITH YOUR FAMILY

Add up to 3 additional cameras. As your family grows, the LIVE snap can expand right along with you. Have a camera in the baby's room, play room, living room, or even pointing at the front door.

CONSERVE ENERGY

Power Saving Mode allows you to listen-in while keeping the monitor's screen turned off to conserve battery life.
